It is the policy of the Florida RESTORE Act Centers of Excellence Program that travel and/or honorarium payments for active federal employees is NOT an allowable expense for FLRACEP Centers of Excellence.

FLRACEP acknowledges that there may be some limited circumstances where federal grant funds may be used to support the travel of federal employees (subject to the rules of the agency itself) that do not supplement a federal agency’s budget with other federal funds. FLRACEP also acknowledges that monitoring for compliance with individual agency policies and the different circumstances under which this may be allowable is not the best use of our staff’s limited time and resources. Further, we do not believe this will cause significant problems for the Centers of Excellence award recipients or the agencies they choose to work with.
